THE KOZLOVIĆ WINE EXPERIENCE

www.kozlovic.hr

The Kozlović Wine Experience has been created to tell a story about the history of the region, the indigenous varieties of Istria and wine production at the Kozlović family estate from the vineyard to the bottle. We will be pleased to show you our winery which is stretching along 3 floors and taking the total of 2200 square meters and introduce you our wines which are paired with specially created dishes inspired in Istrian heritage.

Depending on weather conditions, programmes will take place on our glass-fenced terrace overlooking the Valle vineyard and Momjan medieval castle, or inside our elegantly designed tasting room.

Programmes are offered by appointment only.
Please make a reservation by phone + 385 52 77 91 77 or via email visit@kozlovic.hr.

All programmes are available on our website

Explore and taste

Guided tasting of **5 vineyard-designated wines** is expertly paired with **5 small seasonal dishes** created by our chef. Starting from the cold plates via warm dishes to sweets, we will present you the wines, vinification and food pairing. The dishes are rooted in Istrian heritage. Please note that some of the wines served are available in winery exclusively.

Meet the estate

Meet the Estate program will introduce indigenous Istrian wine varieties from our sites of Valle and Santa Lucia single vineyard. The programme will include the guided tasting of **4 wines and a platter of your choice**. Our culinary team may serve you cheese platter, meat platter or cheese&meat platter, all three accompanied with Kozlović extra virgin olive oil. Both, meat and cheese products come from the local producers and small farms.
